Fight Savagely With British, Americans and Free French to Overcome German Resistance—Task Successfully Accomplished Under Man-moth Umbrella of 1,000 Allied Planes—Battling Continues

London, Aug. 25.—(REUTERS)—The authoritative British Press Association said tonight that the chief objective of the Dieppe attack had been achieved, as the French coast returned to a British base in six spots this afternoon.

London, Aug. 25.—(REUTERS)—First units of the allied commandos who smashed on the French coast returned to a British base in six spots this afternoon.

London, Aug. 25.—(REUTERS)—Canadian army forces, supported by British, American and Fighting French commandos, stormed the French coast on the broad beaches around Dieppe at dawn today, and with tanks and the greatest aerial umbrella ever spread aloft fought on throughout the day against the German defenders. Every Canadian fighter squadron in Britain was in action support of their countrymen on the ground. There was a constant procession of more than 1,000 Canadian, British and American fighters and bombers from Britain's front-line aerodromes to the battle zone in France.

NOT AN OVERSIGHT

London, Aug. 25.—(REUTERS)—Canadian army forces, supported by British, American and Fighting French commandos, stormed the French coast on the broad beaches around Dieppe at dawn today, and with tanks and the greatest aerial umbrella ever spread aloft fought on throughout the day against the German defenders. Every Canadian fighter squadron in Britain was in action support of their countrymen on the ground. There was a constant procession of more than 1,000 Canadian, British and American fighters and bombers from Britain's front-line aerodromes to the battle zone in France.

Ground Vibrates Eighty Miles Off

Despite the unprecedented scope of the attack by the commandos, the B.B.C. repeatedly announced that the action was not an over-ambitious attempt to create a bridgehead in western France, but was only a raid. This was supported by the reports in Britain this afternoon of some of the losses who had accomplished their mission bravely. Despite the great over-ambition of the plan, it was reported reliably that no more than 1,000 Canadian, British and American fighters and bombers from Britain's front-line aerodromes to the battle zone in France.
